Thanks Paul

Summary as per our discussions and email.

You have two functions in Barbados. One is looking at some land holdings for the possibility of investment and the second is keeping an eye on political developments as discussed. You are being hired by my firm and are therefore functioning under the solicitor and client privilege I have with my client.

Month by month is fine @CDN\$5,000 per month payable at the end of the month when you invoice us. My client is foreign and there is no GST involved. Expenses and reimbursement via our accounting department as per our firm policies (Sunny will email you the usual memo.) You can buy the plane tickets if you want the credit card points or we will do it for you just let Sunny and June know. We are working on having a Barbados cell phone for you and I when we visit as using my phone is expensive with roaming charges etc. You already know what to expect in Barbados and as you saw we can coordinate you being picked up and driven around.

June 1<sup>st</sup> start date and I agree with you that it is really month by month even though we are focusing on the June-Oct period because it is the period leading up to the election. This is front end loaded because you should spend two weeks there right away (not necessarily consecutive) to allow you to spend some time reconnoitering as we need to have a good idea of what we are dealing with. We are learning as we go here and I would think that as well as staying in telephone communication as often as needed you will want to provide me with an email summary memo once a week to briefly record progress and develop what will be an ongoing action plan.. When sent from Barbados it should be encrypted by Marnic.

I will speak to Denis on Tuesday his coordinates are on the documents have gave us which are

246-428-2426 or 420-8086

[dlowe\\_dlpcc@freemotion.bb](mailto:dlowe_dlpcc@freemotion.bb) (note there is an underscore after his name)

Because Denis has on occasion not paid his bill it does not always work. Accordingly his bill is now being pre-paid as part of his budget so from now on we should not have any trouble contacting him on demand. He needs to be reminded to check his email daily so all issues are dealt with on a 24 hour turnaround and ditto for the phones.
