TRADE PARTNERSHIP FOR SUSTAINABLE DEVELOPMENT

Article 1

Objectives

The objectives of this Agreement are:

- a) Contributing to the reduction and eventual eradication of poverty through the establishment of a trade partnership consistent with the objective of sustainable development, the Millennium Development Goals and the Cotonou Agreement;
- b) Promoting regional integration, economic cooperation and good governance thus establishing and implementing an effective, predictable and transparent regulatory framework for trade and investment between the Parties and in the CARIFORUM region;
- c) Promoting the gradual integration of the CARIFORUM States into the world economy, in accordance with their political choices and development priorities;
- d) Improving the CARIFORUM States' capacity in trade policy and trade related issues;
- e) Supporting the conditions for increasing investment and private sector initiative and enhancing supply capacity, competitiveness and economic growth in the CARIFORUM region;
- f) Strengthening the existing relations between the Parties on the basis of solidarity and mutual interest. To this end, taking into account their respective levels of development and consistent with WTO obligations, the Agreement shall enhance commercial and economic relations, support a new trading dynamic between the Parties by means of the progressive, asymmetrical liberalisation of trade between

them and reinforce, broaden and deepen cooperation in all areas relevant to trade and investment.

Article 2

Principles

1. This Agreement is based on the Fundamental Principles as well as the Essential and Fundamental Elements of the Cotonou Agreement, as set out in Articles 2 and 9, respectively, of the Cotonou Agreement. This Agreement shall build on the provisions of the Cotonou Agreement and the previous ACP-EC Partnership Agreements in the area of regional cooperation and integration as well as economic and trade cooperation.
2. The Parties agree that the Cotonou Agreement and this Agreement shall be implemented in a complementary and mutually reinforcing manner.

Article 3

Sustainable development

1. The Parties reaffirm that the objective of sustainable development is to be applied and integrated at every level of their economic partnership, in fulfilment of the overarching commitments set out in Articles 1, 2 and 9 of the Cotonou Agreement, and especially the general commitment to reducing and eventually eradicating poverty in a way that is consistent with the objectives of sustainable development.
2. The Parties understand this objective to apply in the case of the present Economic Partnership Agreement as a commitment that:
 - (a) the application of this Agreement shall fully take into account the human, cultural, economic, social, health and environmental best interests of their respective population and of future generations;

2. The Parties recognize and reaffirm the importance of regional integration among the CARIFORUM States as a mechanism for enabling these States to achieve greater

economic opportunities, and enhanced political stability and to foster their effective integration into the world economy.

3. The Parties acknowledge the efforts of the CARIFORUM States to foster regional and sub-regional integration amongst themselves through the Revised Treaty of Chaguaramas establishing the Caribbean Community including the CARICOM Single Market and Economy, the Treaty of Basseterre establishing the Organization of Eastern Caribbean States and the Agreement establishing a Free Trade Area between the Caribbean Community and the Dominican Republic.

5. The Parties agree that their partnership builds upon and aims at deepening regional integration and undertake to cooperate to develop it further, taking into account the Parties' levels of development, needs, geographical realities and sustainable development strategies, as well as the priorities that the CARIFORUM States have set for themselves and the obligations enshrined in the existing regional integration agreements identified in paragraph 3.

Agreement as laid down in Article 1. This cooperation can take financial and non-financial forms.

2. Development cooperation for regional economic cooperation and integration, as provided for in the Cotonou Agreement, shall be carried out so as to maximise the expected benefits of this Agreement. Areas of cooperation and technical assistance are set out, as appropriate, in the individual Chapters of this Agreement. Cooperation shall be implemented according to the modalities provided for in this Article, shall be kept under ongoing review and shall be revised as necessary according to the provisions of Article 246 of this Agreement.
3. The European Community financing pertaining to development cooperation between CARIFORUM and the European Community supporting the implementation of this Agreement shall be carried out within the framework of the rules and relevant procedures provided for by the Cotonou Agreement, in particular the programming procedures of the European Development Fund (EDF), and within the framework of the relevant instruments financed by the General Budget of the European Union. In this context, supporting the implementation of this Agreement shall be one of the priorities.

Article 14

Elimination of customs duties on originating exports

1. Customs duties on exports shall not be applicable to goods originating in the CARIFORUM States and imported into the EC Party and vice versa.

Products originating in the CARIFORUM States shall be imported into the EC Party free of customs duties except for the products indicated, and under the conditions defined, in Annex II.

Article 16

Customs duties on imports of products originating in the EC Party

1. Products originating in the EC Party shall not, on their importation into the CARIFORUM States, be subject to customs duties higher than those indicated in Annex III.
2. Products originating in the EC Party shall, on their importation into the CARIFORUM States, be exempt from all customs duties within the meaning of Article 11 other than those listed in Annex III.
3. For a period of ten years after the signature of this Agreement, the CARIFORUM States may continue to apply any such customs duties within the meaning of Article 11 other than those listed in Annex III to any imported product originating in the EC Party, provided that these duties were applicable to this product on the date of signature of this Agreement, and that the same duties are imposed on the like product imported from all other countries.
4. The Signatory CARIFORUM States shall not be required to begin a phased elimination of the customs duties other than those listed in Annex III and referred to in paragraph 2 in the seven years subsequent to the signature of this Agreement. This process shall be accompanied by the support of the necessary fiscal reforms as provided for under Article 22.
5. With a view to ensuring transparency, such duties shall be notified to the CARIFORUM-EC Trade and Development Committee within six months of the date

of signature of this Agreement. Their elimination shall also be notified promptly to the CARIFORUM-EC Trade and Development Committee.

6. In the event of serious difficulties in respect of imports of a given product, the schedule of customs duty reductions and eliminations may be reviewed by the CARIFORUM-EC Trade and Development Committee by common accord with a view to possibly modifying the time schedule for reduction or elimination. Any such modification shall not lead to the time periods in the schedule for which the review has been requested being extended in respect of the product concerned beyond the maximum transitional period for duty reduction or elimination for that product as provided for in Annex III. If the CARIFORUM-EC Trade and Development Committee has not taken a decision within thirty days of an application to review the timetable, the CARIFORUM States may suspend the timetable provisionally for a period that may not exceed one year.

Article 17

Modification of tariff commitments

In the light of the special development needs of Antigua and Barbuda, Belize, the Commonwealth of Dominica, Grenada, the Republic of Guyana, the Republic of Haiti, Saint Christopher and Nevis, Saint Lucia, and Saint Vincent and the Grenadines, the Parties may decide in the CARIFORUM-EC Trade and Development Committee to modify the level of customs duties stipulated in Annex III, which may be applied to a product originating in the EC Party upon its importation into the CARIFORUM States. The Parties shall ensure that any such modification does not result in an incompatibility of this Agreement with the requirements of Article XXIV of the GATT 1994. The Parties may also decide simultaneously to adjust the customs duty commitments stipulated in Annex III and relating to other products imported from the EC Party, as appropriate.

Article 18

Movement of goods

The Parties recognize the goal of having customs duties levied only once on originating goods imported into the EC Party or into the Signatory CARIFORUM States. Pending the establishment of the necessary arrangements for achieving this goal, the Signatory CARIFORUM States shall exercise their best endeavours in this regard. The EC Party shall provide the technical assistance necessary for the achievement of this goal.

Article 19

More favourable treatment resulting from free trade agreements

1. With respect to matters covered by this Chapter, the EC Party shall accord to the CARIFORUM States any more favourable treatment applicable as a result of the EC Party becoming party to a free trade agreement with third parties after the signature of this Agreement.

2. With respect to matters covered by this Chapter, the CARIFORUM States or any Signatory CARIFORUM State shall accord to the EC Party any more favourable treatment applicable as a result of the CARIFORUM States or any Signatory CARIFORUM State becoming party to a free trade agreement with any major trading economy after the signature of this Agreement.
3. The provisions of this Chapter shall not be so construed as to oblige the EC Party or any Signatory CARIFORUM State to extend reciprocally any preferential treatment applicable as a result of the EC Party or any Signatory CARIFORUM State being party to a free trade agreement with third parties on the date of signature of this Agreement.
4. For the purposes of this Article, 'major trading economy' means any developed country, or any country or territory accounting for a share of world merchandise exports above one (1) percent in the year before the entry into force of the free trade agreement referred to in paragraph 2, or any group of countries acting individually, collectively or through an free trade agreement accounting collectively for a share of world merchandise exports above one and a half (1.5) percent in the year before the entry into force of the free trade agreement referred to in paragraph 2.²
5. Where any Signatory CARIFORUM State becomes party to a free trade agreement with a third party referred to in paragraph 2 and such a free trade agreement provides for more favourable treatment to such third party than that granted by the Signatory CARIFORUM State to the EC Party pursuant to this Agreement, the Parties shall enter into consultations. The Parties may decide whether the concerned Signatory CARIFORUM State may deny the more favourable treatment contained in the free trade agreement to the EC Party. The Joint CARIFORUM-EC Council may adopt any necessary measures to adjust the provisions of this Agreement.

Article 20

Special provisions on administrative cooperation

1. The Parties agree that administrative cooperation is essential for the implementation and the control of the preferential treatment granted under this Title and underline their commitment to combat irregularities and fraud in customs and related matters.
2. Where a Party or a Signatory CARIFORUM State has made a finding, on the basis of objective information, of a failure to provide administrative cooperation and/or of irregularities or fraud, the Party or Signatory CARIFORUM State concerned may temporarily suspend the relevant preferential treatment of the product(s) concerned in accordance with this Article.
3. For the purpose of this Article a failure to provide administrative cooperation shall mean, *inter alia*:

² For this calculation official data by the WTO on leading exporters in world merchandise trade (excluding intra-EU trade) shall be used.

- (c) a repeated refusal or undue delay in obtaining authorisation to conduct administrative cooperation missions to verify the authenticity of documents or accuracy of information relevant to the granting of the preferential treatment in question.

For the purpose of this Article a finding of irregularities or fraud may be made, *inter alia*, where there is a rapid increase, without satisfactory explanation, in imports of goods exceeding the usual level of production and export capacity of the other Party, that is linked to objective information concerning irregularities or fraud.

- 4. The application of a temporary suspension shall be subject to the following conditions:
 - (a) The Party or Signatory CARIFORUM State which has made a finding, on the basis of objective information, of a failure to provide administrative cooperation and/or of irregularities or fraud shall without undue delay notify the CARIFORUM-EC Trade and Development Committee of its finding together with the objective information and enter into consultations within the CARIFORUM-EC Trade and Development Committee, on the basis of all relevant information and objective findings, with a view to reaching a solution acceptable to both Parties.
 - (b) Where the Parties have entered into consultations within the CARIFORUM-EC Trade and Development Committee as above and have failed to agree on an acceptable solution within 3 months following the notification, the Party or Signatory CARIFORUM State concerned may temporarily suspend the relevant preferential treatment of the product(s) concerned. A temporary suspension shall be notified to the CARIFORUM-EC Trade and Development Committee without undue delay.
 - (c) Temporary suspensions under this Article shall be limited to that necessary to protect the financial interests of the Party or Signatory CARIFORUM State concerned. They shall not exceed a period of six months, which may be renewed. Temporary suspensions shall be notified immediately after their adoption to the CARIFORUM-EC Trade and Development Committee. They shall be subject to periodic consultations within the CARIFORUM-EC Trade and Development Committee in particular with a view to their termination as soon as the conditions for their application no longer exist.
- 5. At the same time as the notification to the CARIFORUM-EC Trade and Development Committee under paragraph 4(a), the Party or Signatory CARIFORUM State concerned should publish a notice to importers in its official journal. The notice to importers should indicate for the product concerned that there is a finding, on the basis of objective information, of a failure to provide administrative cooperation and/or of irregularities or fraud.

Article 20 bis

In furtherance of the efforts of the Parties to find an acceptable solution to the matters referred to in Article 20(2), the Party or Signatory CARIFORUM State against which a finding has been notified to the CARIFORUM-EC Trade and Development Committee may also seek recourse to a Mediator, in accordance with the provisions of Article 205(2)-205(5). The Mediator's opinion shall be notified within the period of three months referred to in Article 20(4)(b).

Article 21

Treatment of administrative errors

In case of error by the competent authorities in the proper management of the preferential system of export, and in particular in the application of the provisions of Protocol I, where this error leads to consequences in terms of import duties, the Party facing such consequences may request the CARIFORUM-EC Trade and Development Committee to examine the possibilities of adopting all appropriate measures with a view to resolving the situation.

Article 22

Cooperation

1. The Parties recognize the importance of cooperation in order to strengthen tax administration and improve the collection of tax revenues.
2. Subject to the provisions of Article 7, the Parties agree to cooperate, including by facilitating support, in the following areas:

1. Subject to the provisions of this Article, nothing in this Agreement shall prevent the EC Party or Signatory CARIFORUM States, whether individually or collectively, from adopting anti-dumping or countervailing measures in accordance with the relevant WTO agreements. For the purpose of this Article, origin shall be determined

in accordance with the non-preferential rules of origin of the Parties or Signatory CARIFORUM States.

4. A Signatory CARIFORUM State shall not apply an anti-dumping or countervailing measure on a product where it falls within the scope of a regional or sub-regional measure imposed on the same product. 3. The provisions of paragraph 2 shall apply for a period of five years, beginning with the date of entry into force of the Agreement. Not later than 120 days before the end of this period, the Joint CARIFORUM-EC Council shall review the operation of those provisions in the light of the development needs of the CARIFORUM States, with a view to determining whether to extend their application for a further period.

4. The provisions of paragraph 1 shall not be subject to the Dispute Settlement provisions of this Agreement.

1. Notwithstanding Article 24, after having examined alternative solutions, a Party may apply safeguard measures of limited duration which derogate from the provisions of Article 15 or 16 as the case may be, under the conditions and in accordance with the procedures laid down in this Article.
2. Safeguard measures referred to in paragraph 1 may be taken where a product originating in one Party is being imported into the territory of the other Party in such increased quantities and under such conditions as to cause or threaten to cause:

³ For the purpose of this Article agricultural products are those covered by Annex I of the WTO Agreement on Agriculture.

5. (a) Without prejudice to paragraphs 1 to 3, where any product originating in the EC Party is being imported in such increased quantities and under such conditions as to cause or threaten to cause one of the situations referred to under paragraphs 2(a), (b) and (c) to a Signatory CARIFORUM State, the Signatory CARIFORUM State concerned may take surveillance or safeguard measures limited to its territory in accordance with the procedures laid down in paragraphs 6 to 9.
- (b) A Signatory CARIFORUM State may take safeguard measures where a product originating in the EC Party is being imported into its territory in such increased quantities and under such conditions as to cause or threaten to cause disturbances to an infant industry producing like or directly competitive products. Measures must be taken in accordance with the procedures laid down in paragraphs 6 to 9.

This Chapter applies to measures by the Parties or by the Signatory CARIFORUM States affecting commercial presence⁸ in all economic activities with the exception of:

- (a) mining, manufacturing and processing of nuclear materials;

⁶ The terms "constitution" and "acquisition" of a juridical person shall be understood as including capital participation in a juridical person with a view to establishing or maintaining lasting economic links. When the juridical person has the status of a company limited by shares, there is a lasting economic link where the block of shares held enables the shareholder, either pursuant to the provisions of national laws relating to companies limited by shares or otherwise, to participate effectively in the management of the company or in its control. Long-term loans of a participating nature are loans for a period of more than five years which are made for the purpose of establishing or maintaining lasting economic links; the main examples being loans granted by a company to its subsidiaries or to companies in which it has a share and loans linked with a profit-sharing arrangement.

⁷ A juridical person is controlled by another juridical person if the latter has the power to name a majority of its directors or otherwise to legally direct its actions.

 - (iv) other ancillary services that facilitate the operation of air carriers, such as ground handling services, rental services of aircraft with crew, and airport management services.

Article 67

Market access

1. With respect to market access through commercial presence, the EC Party and the Signatory CARIFORUM States shall accord to commercial presences and investors of the other Party a treatment no less favourable than that provided for in the specific commitments contained in Annex IV.
2. In sectors where market access commitments are undertaken, the measures which the EC Party and the Signatory CARIFORUM States shall not maintain or adopt either on the basis of a regional subdivision or on the basis of their entire territory, unless otherwise specified in Annex IV, are defined as:
 - (a) limitations on the number of commercial presences whether in the form of numerical quotas, monopolies, exclusive rights or other commercial presence requirements such as economic needs tests;
 - (b) limitations on the total value of transactions or assets in the form of numerical quotas or the requirement of an economic needs test;
 - (c) limitations on the total number of operations or on the total quantity of output expressed in terms of designated numerical units in the form of quotas or the requirement of an economic needs test¹⁰;

⁹ National maritime cabotage covers transport services within a Signatory CARIFORUM State or within a Member State of the European Union for the carriage of passengers or goods originating and terminating in that Signatory Cariforum State or in that Member State of the European Union.

¹⁰ Subparagraphs 2(a), 2(b) and 2(c) do not cover measures taken in order to limit the production of an agricultural product.

(d) limitations on the participation of foreign capital in terms of maximum percentage limit on foreign shareholding or the total value of individual or aggregate foreign investment; and

(e) measures which restrict or require specific types of commercial presence (subsidiary, branch, representative office)¹¹ or joint ventures through which an investor of the other Party may perform an economic activity.

1. In the sectors where market access commitments are inscribed in Annex IV and subject to any conditions and qualifications set out therein, with respect to all measures affecting commercial presence, the EC Party and the Signatory CARIFORUM States shall grant to commercial presences and investors of the other Party treatment no less favourable than that they accord to their own like commercial presences and investors.
2. The EC Party and the Signatory CARIFORUM States may meet the requirement of paragraph 1 by according to commercial presences and investors of the other Party, either formally identical treatment or formally different treatment to that they accord to their own like commercial presences and investors.
3. Formally identical or formally different treatment shall be considered to be less favourable if it modifies the conditions of competition in favour of commercial presences and investors of the EC Party or of the Signatory CARIFORUM States compared to like commercial presences and investors of the other Party.
4. Specific commitments assumed under this Article shall not be construed to require the EC Party or the Signatory CARIFORUM States to compensate for inherent competitive disadvantages which result from the foreign character of the relevant commercial presences and investors.

Article 69

Lists of commitments

The sectors liberalised by the EC Party and by the Signatory CARIFORUM States pursuant to this Chapter and, by means of reservations, the market access and national treatment limitations applicable to commercial presences and investors of the other Party in those sectors are set out in lists of commitments included in Annex IV.

¹¹ Each Party or Signatory CARIFORUM State may require that in the case of incorporation under its own law, investors must adopt a specific legal form. To the extent that such requirement is applied in a non-discriminatory manner, it does not need to be specified in a Party's list of commitments in order to be maintained or adopted by that Party.

Most-favoured-nation treatment

1. With respect to any measures affecting commercial presence covered by this Chapter:
 - (a) the EC Party shall accord to commercial presences and investors of the Signatory CARIFORUM States a treatment no less favourable than the most favourable treatment applicable to like commercial presences and investors of any third country with whom it concludes an economic integration agreement after the signature of this Agreement;
 - (b) the Signatory CARIFORUM States shall accord to the commercial presences and investors of the EC Party a treatment no less favourable than the most favourable treatment applicable to like commercial presences and investors of any major trading economy with whom they conclude an economic integration agreement after the signature of this Agreement.
2. When a Party or a Signatory CARIFORUM State concludes a regional economic integration agreement creating an internal market or requiring the parties thereto to significantly approximate their legislation with a view to removing non-discriminatory obstacles to commercial presence and to trade in services, the treatment that such Party or Signatory CARIFORUM State grants to commercial presences and investors of third countries in sectors subject to the internal market or to the significant approximation of legislation is not covered by the provision of paragraph 1.¹²
3. The obligations set out in paragraph 1 shall not apply to treatment granted:
 - (a) under measures providing for recognition of qualifications, licences or prudential measures in accordance with Article VII of the GATS or its Annex on Financial Services,
 - (b) under any international agreement or arrangement relating wholly or mainly to taxation, or
 - (c) under measures benefiting from the coverage of an MFN exemption listed in accordance with Article II.2 of the GATS.
4. For the purpose of this provision, a "major trading economy" means any developed country, or any country accounting for a share of world merchandise exports above one (1) percent in the year before the entry into force of the economic integration agreement referred to in paragraph 1, or any group of countries acting individually, collectively or through an economic integration agreement accounting collectively for a share of world merchandise exports above one and a half (1.5) percent in the

year before the entry into force of the economic integration agreement referred to in paragraph 1.¹³

5. Where any Signatory CARIFORUM State becomes party to an economic integration agreement with a third party referred to in paragraph 1 (b) and that agreement provides for more favourable treatment to such third party than that granted by the Signatory CARIFORUM State to the EC Party pursuant to this Agreement, the Parties shall enter into consultations. The Parties may decide whether the concerned Signatory CARIFORUM State may deny the more favourable treatment contained in the economic integration agreement to the EC Party. The Joint CARIFORUM-EC Council may adopt any necessary measures to adjust the provisions of this Agreement.

Article 71

Other agreements

Nothing in this Title shall be taken to limit the rights of investors of the Parties to benefit from any more favourable treatment provided for in any existing or future international agreement relating to investment to which a Member State of the European Union and a Signatory CARIFORUM State are parties.

Article 72

Behaviour of investors

The EC Party and the Signatory CARIFORUM States shall cooperate and take, within their own respective territories, such measures as may be necessary, *inter alia* through domestic legislation, to ensure that:

- (a) Investors be forbidden from, and held liable for, offering, promising or giving any undue pecuniary or other advantage, whether directly or through intermediaries, to any public official or member of his or her family or business associates or other person in close proximity to the official, for that person or for a third party, in order that the official or third party act or refrain from acting in relation to the performance of official duties, or in order to achieve any favour in relation to a proposed investment or any licences, permits, contracts or other rights in relation to an investment.
- (b) Investors act in accordance with core labour standards as required by the International Labour Organization (ILO) Declaration on Fundamental Principles and Rights of Work, 1998, to which the EC Party and the Signatory CARIFORUM States are parties.¹⁴

¹³ For this calculation official data by the WTO on leading exporters in world merchandise trade (excluding intra-EU trade) shall be used.

¹⁴ These core labour standards are further elaborated, in accordance with the Declaration, in ILO Conventions concerning freedom of association, the elimination of forced labour, the abolition of child labour and the elimination of discrimination in the work place.

- (c) Investors do not manage or operate their investments in a manner that circumvents international environmental or labour obligations arising from agreements to which the EC Party and the Signatory CARIFORUM States are parties.
- (d) Investors establish and maintain, where appropriate, local community liaison processes, especially in projects involving extensive natural resource-based activities, in so far that they do not nullify or impair the benefits accruing to the other Party under the terms of a specific commitment.

Article 73

Maintenance of standards

The EC Party and the Signatory CARIFORUM States shall ensure that foreign direct investment is not encouraged by lowering domestic environmental, labour or occupational health and safety legislation and standards or by relaxing core labour standards or laws aimed at protecting and promoting cultural diversity.

Article 74

Review

With a view to the progressive liberalisation of investments, the Parties shall review the investment legal framework, the investment environment, and the flow of investment between them consistent with their commitments in international agreements no later than three years after the entry into force of this Agreement and at regular intervals thereafter.

2. For the purposes of this Chapter:

(a) 'Key personnel' means natural persons employed within a juridical person of the EC Party or of the Signatory CARIFORUM States other than a non-profit organisation and who are responsible for the setting-up or the proper control, administration and operation of a commercial presence.

'Key personnel' comprise 'business visitors' responsible for setting up a commercial presence and 'intra-corporate transfers'.

- 'Business visitors' mean natural persons working in a senior position who are responsible for setting up a commercial presence. They do not engage in direct transactions with the general public and do not receive remuneration from a source located within the host EC Party or Signatory CARIFORUM State respectively.

- 'Intra-corporate transfers' mean natural persons of the EC Party or of the Signatory CARIFORUM States who have been employed by a juridical person or have been partners in it for at least one year and who are temporarily transferred to a commercial presence in the territory of the other Party. The natural person concerned must belong to one of the following categories:

- (ii) supervising and controlling the work of other supervisory, professional or managerial employees;
- (iii) having the authority personally to recruit and dismiss or recommend recruiting, dismissing or other personnel actions.

2) Specialists:

Persons working within a juridical person who possess uncommon knowledge essential to the commercial presence's production, research equipment, techniques or management. In assessing such knowledge, account will be taken not only of knowledge specific to the commercial presence, but also of whether the person has a high level of qualification referring to a type of work or trade requiring specific technical knowledge, including membership of an accredited profession.

(b) 'Graduate trainees' means natural persons of the EC Party or of the Signatory CARIFORUM States who have been employed by a juridical person of that EC Party or Signatory CARIFORUM State for at least one year, possess a university degree and are temporarily transferred to a commercial presence or to the parent company of the juridical person in the territory of the other Party, for career development purposes or to obtain training in business techniques or methods¹⁸.

(d) 'Contractual services suppliers' means natural persons of the EC Party or of the Signatory CARIFORUM States employed by a juridical person of that EC Party or Signatory CARIFORUM State which has no commercial presence in the territory of the other Party and which has concluded a bona fide contract (other than through an agency as defined by CPC 872) to supply services with a final consumer in the latter Party requiring the presence on a temporary basis of its employees in that Party in order to fulfil the contract to provide services.

For Spain, France, Germany, Austria and Hungary, training must be linked to the university degree which has been obtained.

(e) 'Independent professionals' means natural persons of the EC Party or of the Signatory CARIFORUM States engaged in the supply of a service and established as self-employed in the territory of that EC Party or Signatory CARIFORUM State who have no commercial presence in the territory of the other Party and who have concluded a bona fide contract (other than through an agency as defined by CPC 872) to supply services with a final consumer in the latter Party requiring their presence on a temporary basis in that Party in order to fulfil the contract to provide services.¹⁹

Chapter 5

REGULATORY FRAMEWORK

Section 1

Provisions of general application

Article 85

Mutual recognition

1. Nothing in this Title shall prevent the EC Party and the Signatory CARIFORUM States from requiring that natural persons must possess the necessary qualifications and/or professional experience specified in the territory where the service is supplied, for the sector of activity concerned.
2. The Parties shall encourage the relevant professional bodies in their respective territories to jointly develop and provide recommendations on mutual recognition to the CARIFORUM-EC Trade and Development Committee, for the purpose of the fulfilment, in whole or in part, by investors and service suppliers of the criteria applied by the EC Party and by the Signatory CARIFORUM States for the authorisation, licensing, operation and certification of investors and service suppliers and, in particular, in the professional services sector.

3. In particular, the Parties shall encourage the relevant professional bodies in their respective territories to start negotiations no later than three years after entry into force of this Agreement in order to jointly develop and provide such recommendations on mutual recognition, among others, in the following disciplines: accounting, architecture, engineering and tourism.
4. On receipt of a recommendation referred to in the preceding paragraph, the CARIFORUM-EC Trade and Development Committee shall, within a reasonable time, review the recommendation with a view to determining whether it is consistent with this Agreement.
5. When, in conformity with the procedure set out in paragraph 2, a recommendation referred to in the same paragraph has been found to be consistent with this Agreement and there is a sufficient level of correspondence between the relevant regulations of the Parties and the Signatory CARIFORUM States, the Parties shall, with a view to implementing that recommendation, negotiate, through their competent authorities, an agreement on mutual recognition of requirements, qualifications, licences and other regulations.
6. Any such agreement shall be in conformity with the relevant provisions of the WTO Agreement and, in particular, Article VII of the GATS.
7. The CARIFORUM-EC Trade and Development Committee shall review progress made in mutual recognition every two years.

Article 86

Transparency

Subject to Article 235(3) the Parties and the Signatory CARIFORUM States shall respond promptly to all requests made by the other Party for specific information on any of their measures of general application or international agreements which pertain to or affect this Agreement. The Parties shall also establish one or more enquiry points to provide, upon request, specific information to investors and services suppliers of the other Party on all such matters. Such enquiry points are listed in Annex V. Enquiry points need not be depositories of laws and regulations.

Article 87

Procedures

1. Where authorization is required for the supply of a service or commercial presence on which a specific commitment has been made, the competent authorities of the Parties and of the Signatory CARIFORUM States shall, within a reasonable period of time after the submission of an application considered complete under domestic laws and regulations, inform the applicant of the decision concerning the application. At the request of the applicant, the competent authorities of the Parties or of the Signatory CARIFORUM States as the case may be shall provide, without undue delay, information concerning the status of the application.

2. The Parties and the Signatory CARIFORUM States shall maintain or institute judicial, arbitral or administrative tribunals or procedures which provide, at the request of an affected investor or service supplier, for a prompt review of, and where justified, appropriate remedies for, administrative decisions affecting commercial presence, cross border supply of services or temporary presence of natural persons for business purpose. Where such procedures are not independent of the agency entrusted with the administrative decision concerned, the Parties and the Signatory CARIFORUM States shall ensure that the procedures in fact provide for an objective and impartial review.

Section 2

Computer services

Article 88

Understanding on computer services

1. To the extent that trade in computer services is liberalised in accordance with Chapters 2, 3 and 4 of this Title, the EC Party and the Signatory CARIFORUM States subscribe to the understanding defined in paragraphs 2, 3 and 4.
2. CPC 84, the United Nations code used for describing computer and related services, covers the basic functions used to provide all computer and related services: computer programs defined as the sets of instructions required to make computers work and communicate (including their development and implementation), data processing and storage, and related services, such as consultancy and training services for staff of clients. Technological developments have led to the increased offering of these services as a bundle or package of related services that can include some or all of these basic functions. For example, services such as web or domain hosting, data mining services and grid computing each consist of a combination of basic computer services functions.
3. Computer and related services, regardless of whether they are delivered via a network, including the Internet, include all services that provide:
 - (a) consulting, strategy, analysis, planning, specification, design, development, installation, implementation, integration, testing, debugging, updating, support, technical assistance, or management of or for computers or computer systems; or
 - (b) computer programs defined as the sets of instructions required to make computers work and communicate (in and of themselves), plus consulting, strategy, analysis, planning, specification, design, development, installation, implementation, integration, testing, debugging, updating, adaptation, maintenance, support, technical assistance, management or use of or for computer programs; or
 - (c) data processing, data storage, data hosting or database services; or
 - (d) maintenance and repair services for office machinery and equipment, including computers; or,

(e) training services for staff of clients, related to computer programs, computers or computer systems, and not elsewhere classified.

4. Computer and related services enable the provision of other services (e.g. banking) by both electronic and other means. However, there is an important distinction between the enabling service (e.g. web-hosting or application hosting) and the content or core service that is being delivered electronically (e.g. banking). In such cases, the content or core service is not covered by CPC 84.

Section 3

Courier services

Article 89

Scope and definitions

1. This Section sets out the principles of the regulatory framework for all courier services liberalised in accordance with Chapters 2, 3 and 4 of this Title.
2. For the purpose of this Section and of Chapters 2, 3 and 4 of this Title:
 - (a) Universal service means the permanent provision of a postal service of specified quality at all points in the territory of the EC Party and of the Signatory CARIFORUM States at affordable prices for all users.
 - (b) An “individual licence” means an authorisation, granted to an individual supplier by a regulatory authority, which is required before supplying a given service.

Article 90

Prevention of anti-competitive practices in the courier sector

In accordance with the provisions of Chapter 1 of Title IV, appropriate measures shall be maintained or introduced by the EC Party or the Signatory CARIFORUM States for the purpose of preventing suppliers who, alone or together, have the ability to affect materially the terms of participation (having regard to price and supply) in the relevant market for courier services as a result of use of their position in the market, from engaging in or continuing anti-competitive practices.

Article 91

Universal service

The EC Party or any Signatory CARIFORUM State has the right to define the kind of universal service obligation they wish to maintain. Such obligations will not be regarded as anti-competitive *per se*, provided they are administered in a transparent, non-discriminatory and competitively neutral manner and are not more burdensome than necessary for the kind of universal service as defined by the EC Party and the Signatory CARIFORUM States.

Article 92

Individual licences

1. An individual licence may only be required for services which are within the scope of the universal service.
2. Where an individual licence is required, the following shall be made publicly available:
 - (a) all the licensing criteria and the period of time normally required to reach a decision concerning an application for a licence, and
 - (b) the terms and conditions of individual licences.
3. The reasons for the denial of an individual licence shall be made known to the applicant upon request and an appeal procedure through an independent body will be established at the level of the EC Party and of the Signatory CARIFORUM States. Such a procedure will be transparent, non-discriminatory, and based on objective criteria.

Article 93

Independence of the regulatory bodies

The regulatory bodies shall be legally separate from, and not accountable to, any supplier of courier services. The decisions of and the procedures used by the regulatory bodies shall be impartial with respect to all market participants.

Section 4

Telecommunications services

Article 94

Definitions and scope

1. For the purpose of this Title:
 - (a) ‘telecommunications services’ means all services consisting of the transmission and reception of electro-magnetic signals and do not cover the economic activity consisting of the provision of content which requires telecommunications for its transport;
 - (b) a ‘regulatory authority’ in the telecommunications sector means the body or bodies charged with the regulation of telecommunications mentioned in this Chapter;
 - (c) ‘essential telecommunications facilities’ mean facilities of a public telecommunications transport network and service that:
 - (i) are exclusively or predominantly provided by a single or limited number of suppliers; and

(ii) cannot feasibly be economically or technically substituted in order to provide a service;

(d) a ‘major supplier’ in the telecommunications sector is a supplier which has the ability to materially affect the terms of participation (having regard to price and supply) in the relevant market for telecommunications services as a result of control over essential facilities or the use of its position in the market;

(e) ‘interconnection’ means linking with suppliers providing public telecommunications transport networks or services in order to allow the users of one supplier to communicate with users of another supplier and to access services provided by another supplier;

(f) ‘universal service’ means the set of services of specified quality that must be made available to all users in the territory of the EC Party and of the Signatory CARIFORUM States regardless of their geographical location and at an affordable price; its scope and implementation are decided by the EC Party and by the Signatory CARIFORUM States.

2. This Section sets out the principles of the regulatory framework for the following telecommunications services, other than broadcasting, liberalised pursuant to Chapters 2, 3 and 4 of this Title: voice telephone services, packet-switched data transmission services, circuit-switched data transmission services, telex services, telegraph services, facsimile services, private leased circuit services and mobile and personal communications services and systems.

Article 95

Regulatory authority

1. Regulatory authorities for telecommunications services shall be legally distinct and functionally independent from any supplier of telecommunications services.
2. The regulatory authority shall be sufficiently empowered to regulate the sector. The tasks to be undertaken by a regulatory authority shall be made public in an easily accessible and clear form, in particular where those tasks are assigned to more than one body.
3. The decisions of and the procedures used by regulators shall be impartial with respect to all market participants.
4. A supplier affected by the decision of a regulatory authority shall have a right to appeal against that decision to an appeal body that is independent of the parties involved. Where the appeal body is not judicial in character, written reasons for its decision shall always be given and its decisions shall also be subject to review by an impartial and independent judicial authority. Decisions taken by appeal bodies shall be effectively enforced.

Article 96

Authorisation to provide telecommunications services

1. Provision of services shall, as much as possible, be authorised following mere notification.
2. A licence can be required to address issues of attributions of numbers and frequencies. The terms and conditions for such licences shall be made publicly available.
3. Where a licence is required:
 - (a) all the licensing criteria and a reasonable period of time normally required to reach a decision concerning an application for a licence shall be made publicly available;
 - (b) the reasons for the denial of a licence shall be made known in writing to the applicant upon request;
 - (c) the applicant of a licence shall be able to seek recourse before an appeal body in case a licence is unduly denied;
 - (d) licence fees required by the EC Party or by the Signatory CARIFORUM States for granting a licence shall not exceed the administrative costs normally incurred in the management, control and enforcement of the applicable licences.

Article 97

Competitive safeguards on major suppliers

In accordance with the provisions of Chapter 1 of Title IV, appropriate measures shall be maintained or introduced by the EC Party or the Signatory CARIFORUM States for the purpose of preventing suppliers who, alone or together, are a major supplier from engaging in or continuing anti-competitive practices. These anti-competitive practices shall include in particular:

- (a) engaging in anti-competitive cross-subsidisation;
- (b) using information obtained from competitors with anti-competitive results, and;
- (c) not making available to other services suppliers on a timely basis technical information about essential facilities and commercially relevant information which are necessary for them to provide services.

Article 98

Interconnection

1. Any supplier authorised to provide telecommunications services shall have the right to negotiate interconnection with other providers of publicly available

telecommunications networks and services. Interconnection should in principle be agreed on the basis of commercial negotiation between the companies concerned.

2. Regulatory authorities shall ensure that suppliers that acquire information from another undertaking during the process of negotiating interconnection arrangements use that information solely for the purpose for which it was supplied and respect at all times the confidentiality of information transmitted or stored.
3. Interconnection with a major supplier shall be ensured at any technically feasible point in the network. Such interconnection shall be provided:
 - (a) under non-discriminatory terms, conditions (including technical standards and specifications) and rates and of a quality no less favourable than that provided for its own like services or for like services of non-affiliated service suppliers or for its subsidiaries or other affiliates;
 - (b) in a timely fashion, on terms, conditions (including technical standards and specifications) and rates²³ that are transparent, reasonable, having regard to economic feasibility, and sufficiently unbundled so that the supplier need not pay for network components or facilities that it does not require for the service to be provided; and
 - (c) upon request, at points in addition to the network termination points offered to the majority of users, subject to charges that reflect the cost of construction of necessary additional facilities.
4. The procedures applicable for interconnection to a major supplier shall be made publicly available.
5. Major suppliers shall make publicly available either their interconnection agreements or their reference interconnection offers.
6. A service supplier requesting interconnection with a major supplier shall have recourse, either at any time or after a reasonable period of time which has been made publicly known, to an independent domestic body, which may be a regulatory body as referred to in Article 95, to resolve disputes regarding appropriate terms, conditions and rates for interconnection.

Article 99

Scarce resources

Any procedures for the allocation and use of scarce resources, including frequencies, numbers and rights of way, shall be carried out in an objective, timely, transparent and non-discriminatory manner. The current state of allocated frequency bands shall be made publicly available, but detailed identification of frequencies allocated for specific government uses is not required.

²³ Such rates are cost-oriented rates in the EC Party, and cost-based rates in Signatory CARIFORUM States.

Article 100

Universal service

1. The EC Party or any Signatory CARIFORUM State has the right to define the kind of universal service obligations they wish to maintain.
2. Such obligations will not be regarded as anti-competitive per se, provided they are administered in a transparent, objective and non-discriminatory way. The administration of such obligations shall also be neutral with respect to competition and not more burdensome than necessary for the kind of universal service defined by the EC Party and by the Signatory CARIFORUM States.
3. All suppliers should be eligible to ensure universal service. The designation shall be made through an efficient, transparent and non-discriminatory mechanism. Where necessary, the EC Party and the Signatory CARIFORUM States shall assess whether the provision of universal service represents an unfair burden on organisations(s) designated to provide universal service. Where justified on the basis of such calculation, and taking into account the market benefit, if any, which accrues to an organisation that offers universal service, national regulatory authorities shall determine whether a mechanism is required to compensate the supplier(s) concerned or to share the net cost of universal service obligations.
4. The EC Party and the Signatory CARIFORUM States shall ensure that:
 - (a) directories of all subscribers are available to users in a form approved by the national regulatory authority, whether printed or electronic, or both, and are updated on a regular basis, and at least once a year;
 - (b) organisations that provide the services referred to in sub-paragraph (a) apply the principle of non-discrimination to the treatment of information that has been provided to them by other organisations.

Article 101

Confidentiality of information

The EC Party and the Signatory CARIFORUM States shall ensure the confidentiality of telecommunications and related traffic data by means of a public telecommunication network and publicly available telecommunications services, without restricting trade in services.

Article 102

Disputes between suppliers

1. In the event of a dispute arising between suppliers of telecommunications networks or services in connection with rights and obligations that arise from this Chapter, the national regulatory authority concerned shall, at the request of either party to the dispute, issue a binding decision to resolve the dispute in the shortest possible timeframe.

2. When such a dispute concerns the cross-border provision of services, the national regulatory authorities concerned shall co-ordinate their efforts in order to bring about a resolution of the dispute.

The EC Party and the Signatory CARIFORUM States may determine the juridical form through which the service may be provided and may require authorisation for the provision of the service. Article 107

Data processing

For the purposes of this Chapter:

1. "Competition Authority" means for the EC Party, the "European Commission"; and for the CARIFORUM States one or more of the following Competition Authorities as appropriate: the CARICOM Competition Commission and the Comisión Nacional de Defensa de la Competencia of the Dominican Republic.
2. "Enforcement proceeding" means a proceeding instituted by the competent Competition Authority of a Party against one or more undertakings with the aim of establishing and remedying anti-competitive behaviour.

Upon entry into force of this Agreement and thereafter, the enactment of such legislation shall be brought to attention of the EC Party through the CARIFORUM-EC Trade and Development Committee.

Article 126

Principles

The Parties recognise the importance of free and undistorted competition in their trade relations. The Parties acknowledge that anti-competitive business practices have the potential to distort the proper functioning of markets and generally undermine the benefits of trade liberalization. They therefore agree that the following practices restricting competition are incompatible with the proper functioning of this Agreement, in so far as they may affect trade between the Parties:

- (a) agreements and concerted practices between undertakings, which have the object or effect of preventing or substantially lessening competition in the territory of the EC Party or of the CARIFORUM States as a whole or in a substantial part thereof;
- (b) abuse by one or more undertakings of market power in the territory of the EC Party or of the CARIFORUM States as a whole or in a substantial part thereof.

Article 127

The Parties also agree to review the operation of this Chapter after a confidence-building period between their Competition Authorities of six years following the coming into operation of Article 128.

Article 128

Exchange of information and enforcement cooperation

1. Each Competition Authority may inform the other Competition Authorities of its willingness to co-operate with respect to enforcement activity. This cooperation shall not prevent the Parties or the Signatory CARIFORUM States from taking autonomous decisions.

All exchange of information shall be subject to the standards of confidentiality applicable in each Party and the Signatory CARIFORUM States.
3. Each Competition Authority may also inform the other Competition Authorities of any enforcement proceeding being carried out by it in the following instances:
 - (i) The activity being investigated takes place wholly or substantially within the jurisdiction of any of the other Competition Authorities
 - (ii) The remedy likely to be imposed would require the prohibition of conduct in the territory of the other Party or Signatory CARIFORUM States;

2. With regard to public enterprises and enterprises to which special or exclusive rights have been granted, the Parties and the Signatory CARIFORUM States shall ensure that, following the date of the entry into force of this Agreement, there is neither enacted nor maintained any measure distorting trade in goods or services between the Parties to an extent contrary to the Parties interest, and that such enterprises shall be subject to the rules of competition in so far as the application of such rules does not obstruct the performance, in law or in fact, of the particular tasks assigned to them.
3. By derogation from paragraph 2, the Parties agree that where public enterprises in the Signatory CARIFORUM States are subject to specific sectoral rules as mandated by their respective regulatory frameworks, such public enterprises shall not be bound or governed by the provisions of this Article.
4. The Parties and the Signatory CARIFORUM States shall progressively adjust, without prejudice to their obligations under the WTO Agreement, any State monopolies of a commercial nature or character, so as to ensure that, by the end of the fifth year following the entry into force of this Agreement, no discrimination regarding the conditions under which goods and services are sold or purchased exists between goods and services originating in the EC Party and those originating in the CARIFORUM States or between nationals of the Member States of the European Union and those of the CARIFORUM States, unless such discrimination is inherent in the existence of the monopoly in question.
5. The CARIFORUM-EC Trade and Development Committee shall be informed about the enactment of sectoral rules provided for in paragraph 3 and the measures adopted to implement paragraph 4.

Article 154

Measures for preserving evidence

The EC Party and the Signatory CARIFORUM States shall ensure that, even before the commencement of proceedings on the merits of the case, the competent judicial authorities may, on application by an entity who has presented reasonably available evidence to support his claims that his intellectual property right has been infringed or is about to be infringed, order prompt and effective provisional measures to preserve relevant evidence in respect of the alleged infringement, subject to the protection of confidential information. Such measures may include the detailed description, with or without the taking of samples, or the physical seizure of the infringing goods, and, in appropriate cases, the materials and implements used in the production and/or distribution of these goods and the documents relating thereto.

Article 155

Right of information

1. The EC Party and the Signatory CARIFORUM States shall ensure that, in the context of proceedings concerning an infringement of an intellectual property right and in response to a justified and proportionate request of the claimant, the competent judicial authorities may order that information on the origin and distribution networks of the goods or services which infringe an intellectual property right be provided by the infringer and/or any other person who:

Article 156

Provisional and precautionary measures

An interlocutory injunction may also be issued, under the same conditions, against an intermediary whose services are being used by a third party to infringe an intellectual property right.
2. An interlocutory injunction may also be issued to order the seizure or delivery up of the goods suspected of infringing an intellectual property right so as to prevent their entry into or movement within channels of commerce.
3. In the case of an infringement committed on a commercial scale, the EC Party and the Signatory CARIFORUM States shall ensure that, if the applicant demonstrates circumstances likely to endanger the recovery of damages, the judicial authorities may order the precautionary seizure of the movable and immovable property of the alleged infringer, including the blocking of his/her bank accounts and other assets. To that end, the competent authorities may order the communication of bank, financial or commercial documents, or appropriate access to the relevant information.

Article 157

Corrective measures

1. The EC Party and the Signatory CARIFORUM States shall ensure that the competent judicial authorities may order, at the request of the applicant and without prejudice to any damages due to the right holder by reason of the infringement, and without compensation of any sort, the recall, definitive removal from channels of commerce or destruction of goods that they have found to be infringing an intellectual property right.
2. The EC Party and the Signatory CARIFORUM States shall ensure that those measures are carried out at the expense of the infringer, unless particular reasons are invoked for not doing so.

Article 158

Article 160

Damages

1. The EC Party and the Signatory CARIFORUM States shall ensure that when the judicial authorities set the damages:
 - (a) they shall take into account all appropriate aspects, such as the negative economic consequences, including lost profits, which the injured party has suffered, any unfair profits made by the infringer and, in appropriate cases, elements other than economic factors; or
 - (b) as an alternative to (a), they may, in appropriate cases, set the damages as a lump sum on the basis of elements such as at least the amount of royalties or fees which would have been due if the infringer had requested authorisation to use the intellectual property right in question.
2. Where the infringer did not know, or did not have reasonable grounds to know, that he, she or it was engaging in infringing activity, the EC Party and the Signatory CARIFORUM States may provide that the judicial authorities may order the recovery of profits or the payment of damages which may be pre-established.

Article 161

Legal costs

The EC Party and the Signatory CARIFORUM States shall ensure that their domestic law contains measures for the allocation of costs which generally require that the unsuccessful party will bear the costs, unless equity requires that costs be allocated otherwise.

Article 162

Publication of judicial decisions

The EC Party and the Signatory CARIFORUM States shall ensure that, in legal proceedings instituted for infringement of an intellectual property right, the judicial authorities may order, at the request of the applicant and at the expense of the infringer, appropriate measures for the dissemination of the information concerning the decision, including displaying the decision and publishing it in full or in part. The EC Party and the Signatory CARIFORUM States may provide for other additional publicity measures which are appropriate to the particular circumstances, including prominent advertising.

Article 163

Border measures

1. The EC Party and the Signatory CARIFORUM States shall, unless otherwise provided for in this Section, adopt procedures²⁷ to enable a right holder, who has valid grounds for suspecting that the importation, exportation, re-exportation, entry or exit of the customs territory, placement under a suspensive procedure or placement under a customs free zone or a customs free warehouse of goods infringing an intellectual property right²⁸ may take place, to lodge an application in writing with competent authorities, administrative or judicial, for the suspension by the customs authorities of the release into free circulation or the retention of such goods.
2. The provisions of Articles 52 to 60 of the TRIPS Agreement shall be applicable. Any rights or duties established under such provisions concerning the importer shall be also applicable to the exporter or to the holder of the goods.

²⁷ It is understood that there shall be no obligation to apply such procedures to imports of goods put on the market in another country by or with the consent of the right holder.

²⁸ For the purposes of this section, "goods infringing an intellectual property right" means.

(a) "counterfeit goods", namely:

(i) goods, including packaging, bearing without authorisation a trademark identical to the trademark duly registered in respect of the same type of goods, or which cannot be distinguished in its essential aspects from such a trademark, and which thereby infringes the trademark holder's rights;

(ii) any trademark symbol (logo, label, sticker, brochure, instructions for use or guarantee document), even if presented separately, on the same conditions as the goods referred to in sub-paragraph (i);

(iii) packaging materials bearing the trademarks of counterfeit goods, presented separately, on the same conditions as the goods referred to in sub-paragraph (i);

(b) "pirated goods", namely goods which are or contain copies made without the consent of the holder, or of a person duly authorised by the holder in the country of production, of a copyright or related right or design right, regardless of whether it is registered in national law;

(c) goods which, according to the law of the EC Party or Signatory CARIFORUM State in which the application for customs action is made, infringe:

 - (c) for reasons of extreme urgency brought about by events unforeseen by the procuring entity, the products or services could not be obtained in time by means of open or selective tendering procedures;
 - (d) for additional deliveries of goods or services by the original supplier where a change of supplier would compel the procuring entity to procure equipment or services not meeting requirements of interchangeability with already existing equipment or services procured under the initial procurement and such separation would cause significant inconvenience or substantial duplication of costs to the procuring entity;
 - (e) when a procuring entity procures prototypes or a first product or service which are developed at its request in the course of, and for, a particular contract for research, experiment, study or original development;
 - (f) when additional services which were not included in the initial contract but which were within the objectives of the original tender documentation have, through unforeseen circumstances, become necessary to complete the services described therein. However, the total value of contracts awarded for the additional services shall not exceed 50 per cent of the amount of the original contract;
 - (g) for new services consisting of the repetition of similar services which conform to a basic project for which an initial contract was awarded following an open or selective procurement method, and for which the procuring entity has indicated in the notice of intended procurement that a limited procurement method might be used in awarding contracts for such new services;
 - (h) for products purchased on a commodity market;

(i) in the case of contracts awarded to the winner of a design contest; in the case of several successful candidates, successful candidates shall be invited to participate in the negotiations as specified in the notice of the intended procurement or the tender documents; and

(j) for purchases made under exceptionally advantageous conditions which only arise in the very short term in the case of unusual disposals such as arising from liquidation, receivership or bankruptcy and not for routine purchases from regular suppliers.

Article 172

Rules of origin

The EC Party and the Signatory CARIFORUM States for the purposes of this Chapter shall not apply rules of origin to goods or services imported from or supplied by the EC Party and the Signatory CARIFORUM States as the case may be that are different from the rules of origin applicable at the same time in the normal course of trade to imports or supplies of the same goods or services from the same Signatory CARIFORUM State or the EC Party.

Article 173

Technical specifications

1. Consistent with the objectives of this Chapter, procuring entities shall ensure that technical specifications applied or intended for application to procurement covered by the Chapter are set out in the notices of intended procurement and/or tender documents.
2. A procuring entity shall not seek or accept, in a manner that would have the effect of precluding competition, advice that may be used in the preparation or adoption of any technical specification for a specific procurement from a person that may have a commercial interest in the procurement.
3. In prescribing technical specifications for the goods or services being procured, a procuring entity shall, where appropriate:
 - (a) specify the technical specifications, in terms of performance and functional requirements, rather than design or descriptive standards; and
 - (b) base the technical specifications on international standards, where such exist; otherwise, on national technical regulations, recognized national standards or building codes.
4. Where design or descriptive characteristics are used in the technical specifications, a procuring entity shall, where appropriate, include words such as “or equivalent” in the technical specifications and consider tenders that demonstrably meet the required design or descriptive characteristics and are fit for the purposes intended.
5. A procuring entity shall not prescribe technical specifications that require or refer to a particular trademark or trade name, patent, copyright, design or type, specific

origin, producer or supplier, unless there is no other sufficiently precise or intelligible way of describing the procurement requirements and provided that, in such cases, words such as “as equivalent” are included in the tender documentation.

Article 174

Qualification of suppliers

1. For procurement covered by this Chapter, procuring entities shall ensure that any conditions and criteria for participating in a public contract award procedure are made known in advance in the notice of intended procurement or the tender documents. Any such conditions and criteria shall be limited to those which are essential to ensure that the potential supplier has the ability to execute the contract in question.
2. The Signatory CARIFORUM States and the EC Party shall not impose the condition that, in order for a supplier to participate in a procurement, the supplier has previously been awarded one or more contracts by an entity of that Party or State or that the supplier has prior work experience in the relevant territory. This paragraph does not apply for procurements in respect of social impact surveys and studies.
3. The procuring entity shall base its assessment of the financial, commercial and technical abilities of a supplier on the conditions that it has specified in advance in notices or tender documentation.
4. Nothing in this Article shall preclude the exclusion of any supplier on grounds such as bankruptcy or false declarations or conviction for serious crime.
5. Procuring entities may maintain a multi-use list provided that a notice inviting interested suppliers to apply for inclusion on the list is:
 - (a) published annually; and
 - (b) where published by electronic means, made available continuously in one of the appropriate media listed in Annex VII.
6. Procuring entities shall ensure that suppliers may apply for qualification at any time through the publication of a notice inviting suppliers to apply for inclusion on the list containing the following information:
 - (a) a description of the goods and services, or categories thereof, for which the list may be used;
 - (b) the conditions for participation to be satisfied by suppliers and the methods that the procuring entity will use to verify a supplier's satisfaction of the conditions;
 - (c) the name and address of the procuring entity and other information necessary to contact the entity and obtain all relevant documents relating to the list; and

(d) the period of validity of the list and the means for its renewal or termination, or where the period of validity is not provided, an indication of the method by which notice will be given of the termination of use of the list.

Procuring entities shall include in the list all qualified suppliers within a reasonably short time.

7. Where a non-qualified supplier submits a request for participation, and all required documents relating thereto, within the time-limit, a procuring entity, whether or not it uses a multi-use list, shall examine and accept the supplier's request for participation, unless, due to the complexity of the procurement, the entity is not able to complete the examination of the request. Procuring entities shall also ensure that a supplier having requested to be included in the list shall be informed of the decision in this regard in a timely fashion.
8. Procuring entities operating in the utilities may use a notice inviting suppliers to apply for inclusion on a multi-use list as a notice of intended procurement and may exclude requests for participation from suppliers not yet qualified in respect of the procurement on the grounds that the procuring entity has insufficient time to examine the application.

Article 175

Negotiations

1. The Signatory CARIFORUM States and the EC Party may provide for their procuring entities to conduct negotiations:
 - (a) in the context of procurements in which they have indicated such intent in the notice of intended procurement; or
 - (b) where it appears from the evaluation that no one tender is obviously the most advantageous in terms of the specific evaluation criteria set forth in the notice of intended procurement or tender documentation.
2. A procuring entity shall:
 - (a) ensure that any elimination of suppliers in negotiations is carried out in accordance with the evaluation criteria set out in the notice of intended procurement or tender documentation; and
 - (b) when negotiations are concluded, provide a common deadline for the remaining suppliers to submit any new or revised tenders.

Article 176

Opening of tenders and awarding of contracts

1. All tenders solicited under open or selective procedures by procuring entities shall be received and opened under procedures and conditions guaranteeing the fairness and transparency of the process.

2. Unless a procuring entity decides that it is not in the public interest to award the contract, it shall award the contract to the supplier who has been determined, on the basis of the information presented, to be fully capable of undertaking the contract and whose tender is either the lowest tender or the tender which in terms of the specific evaluation criteria set forth in the notice or tender documentation is determined to be the most advantageous. Awards shall be made in accordance with the criteria and essential requirements specified in the notice of intended procurement or in the tender documentation.

Article 177

Information on contract award

1. The Parties and the CARIFORUM Signatory States shall ensure that their procuring entities provide for effective dissemination of the results of government procurement processes.
2. Procuring entities shall promptly inform suppliers of decisions regarding the award of the contract and, on request, in writing. Upon request, procuring entities shall inform any eliminated supplier of the reasons for the rejection of its tender and of the relative advantages of the successful supplier's tender.
3. Procuring entities may decide to withhold certain information on the contract award where release of such information would interfere with law enforcement or be otherwise contrary to the public interest, would prejudice the legitimate commercial interests of suppliers, or might prejudice fair competition between them.
4. Subject to Article 180(4), no later than seventy two (72) days after the award of each contract covered by this Chapter, a procuring entity shall publish a notice in the appropriate paper or electronic media listed in Annex VII. Where only an electronic medium is used, the information shall remain readily accessible for a reasonable period of time. The notice shall include at least the following information:
 - (a) a description of the goods or services procured;
 - (b) the name and address of the procuring entity;
 - (c) the name and address of the successful supplier;
 - (d) the value of the successful tender or the highest and lowest offers taken into account in the award of the contract;
 - (e) the date of the award; and
 - (f) the type of procurement method used, and in cases where a limited tendering procedure was used, a description of the circumstances justifying the use of such procedure.

Article 178

Time limits

1. In determining any time limits to be applied to procurement covered by this Chapter, procuring entities shall, consistent with their own reasonable needs, take into account such factors as the complexity of the intended procurement and the normal time for transmitting tenders.
2. The Parties and the Signatory CARIFORUM States shall ensure that their procuring entities shall take due account of publication delays when setting the final date for receipt of tenders or of request for participation or for qualifying for the supplier's list. Such time limits, including any extension, shall be common for all interested or participating suppliers.
3. Procuring entities shall clearly set out the time limits applicable to any specific procurement in the notice of intended procurement and/or the tender documents.

Article 179

Bid challenges

1. The Parties and the Signatory CARIFORUM States shall provide transparent, timely, impartial and effective procedures enabling suppliers to challenge domestic measures implementing this Chapter in the context of procurements in which they have, or have had, a legitimate commercial interest. To this effect, each Party or Signatory CARIFORUM State shall establish, identify or designate at least one impartial administrative or judicial authority that is independent of its procuring entities to receive and review a challenge by a supplier arising in the context of covered procurement.
2. Each supplier shall be allowed a sufficient period of time to prepare and submit a challenge as from the time when the basis of the challenge become known or reasonably should have become known to the supplier. This paragraph does not preclude Parties or Signatory CARIFORUM States from requiring complainants to lodge their complaints within a reasonable period of time provided that duration of that period is made known in advance.
3. Procuring entities shall ensure their ability to respond to requests for a review by maintaining a reasonable record of each procurement covered under this Chapter.
4. Challenge procedures shall provide for effective rapid interim measures to correct breaches of the domestic measures implementing this Chapter.

Article 180

Implementation period

1. In order for the Signatory CARIFORUM States to bring their measures into conformity with any specific procedural obligation of this Chapter, they shall have an implementation period of two years from the entry into force of this Agreement.
2. Should a review by the CARIFORUM-EC Trade and Development Committee at the end of the implementation period reveal that one or several Signatory CARIFORUM

States need one more year to bring their measures into conformity with the obligations of this Chapter, the CARIFORUM-EC Trade and Development Committee may extend the implementation period referred to in paragraph 1 by one more year for the individual Signatory CARIFORUM States concerned.

3. By way of derogation from paragraphs 1 and 2, Antigua and Barbuda, Belize, the Commonwealth of Dominica, Grenada, the Republic of Haiti, Saint Christopher and Nevis, Saint Lucia and Saint Vincent and the Grenadines shall benefit from an implementation period of five (5) years.
4. The requirements stipulated in paragraph 1 and the last sentence of paragraph 2 of Article 168, in Article 170(1)(a) and in Article 177(4) will only come into effect for the Signatory CARIFORUM States once the requisite capacity to implement them has been developed, but not later than 5 years after the entry into force of this Agreement.

Article 181

Review clause

The CARIFORUM-EC Trade and Development Committee will review the operation of this Chapter every three years, including with regard to any modifications of coverage, and may make appropriate recommendations to the Joint CARIFORUM-EC Council to that effect, as appropriate. In carrying out this task, the CARIFORUM-EC Trade and Development Committee may, without prejudice to Article 182, also make appropriate recommendations regarding the Parties' further cooperation in the procurement field and the implementation of this Chapter.

Article 184

Levels of protection and right to regulate

1. Recognizing the right of the Parties and the Signatory CARIFORUM States to regulate in order to achieve their own level of domestic environmental and public health protection and their own sustainable development priorities, and to adopt or modify accordingly their environmental laws and policies, each Party and Signatory CARIFORUM State shall seek to ensure that its own environmental and public health laws and policies provide for and encourage high levels of environmental and public health protection and shall strive to continue to improve those laws and policies.
2. The Parties agree that the special needs and requirements of CARIFORUM States shall be taken into account in the design and implementation of measures aimed at protecting environment and public health that affect trade between the Parties.

3. Provided that such measures are not applied in a manner that would constitute a means of arbitrary or unjustifiable discrimination between the Parties or a disguised restriction on trade between them, nothing in this Agreement shall be construed to prevent any Party and the Signatory CARIFORUM States from adopting or maintaining measures necessary to protect human, animal or plant life or health, related to the conservation of natural resources or protection of the environment.

Article 185

Regional integration and use of international environmental standards

In the light of the environmental challenges facing their respective regions, and in order to promote the development of international trade in such a way as to ensure sustainable and sound management of the environment, the Parties recognise the importance of establishing effective strategies and measures at the regional level. The only exemptions to this rule would be those provided by legislation and necessary in a democratic society for important public interests;
 - (ii) the data quality and proportionality principle - data should be accurate and, where necessary, kept up to date. The data should be adequate, relevant and not excessive in relation to the purposes for which they are transferred or further processed;
 - (iii) the transparency principle - individuals should be provided with information as to the purpose of the processing and the identity of the data controller in the third country, and other information insofar as this is necessary to ensure fairness. The only exemptions permitted should be those provided by legislation and necessary in a democratic society for important public interests;

The only exemptions to these rights should be those provided by legislation and necessary in a democratic society for important public interests;
 - (vi) restrictions on onward transfers – as a matter of principle, further transfers of the personal data by the recipient of the original data transfer should be permitted only where the second recipient (i.e. the recipient of the onward transfer) is also subject to rules affording an adequate level of protection;

(vii) sensitive data - where special categories of data are involved, revealing racial or ethnic origin, political opinions, religious or philosophical beliefs or trade-union membership, data concerning health or sex life, and data relating to offences, criminal convictions or security measures, data may not be processed unless domestic law provides additional safeguards.

(b) Enforcement mechanisms

Appropriate mechanisms shall be in place to ensure that the following objectives are achieved:

(i) to ensure a good level of compliance with the rules, including a high degree of awareness among data controllers of their obligations, and among data subjects of their rights and the means of exercising them; the existence of effective and dissuasive sanctions; and systems of direct verification by authorities, auditors, or independent data protection officials;

(ii) to provide support and help to individual data subjects in the exercise of their rights, who must be able to enforce their rights rapidly and effectively, and without prohibitive cost, including through appropriate institutional mechanisms allowing independent investigation of complaints;

Nothing in the Agreement shall require the Party complained against to offer financial compensation.

1. The Party complained against shall notify the other Party and the CARIFORUM-EC Trade and Development Committee of any measure it has taken to comply with the ruling of the arbitration panel and of its request for an end to application of appropriate measures by the complaining Party.

Such request shall be notified to the other Party and to the CARIFORUM-EC Trade and Development Committee.
