Dear Sir

I hereby give you notice that I intend to file an application before the Supreme Court of Barbados to review the actions of the Minister Responsible for Immigration, the Attorney General and the Chief Immigration Officer in enacting the **Immigration (Biometrics) Regulations 2015**, and in using the said **Regulations** to specify that all persons (including Citizens and Permanent Residents of Barbados) shall be obligated to provide Immigration Officers with biometric data whenever they leave or enter Barbados.

Please find the following enclosed herein:-

- (1) A copy of the Fixed Date Claim Form that I intend to file at the Supreme Court. This document constitutes a statement which sets out my name and description, as well as the relief being sought and the grounds on which it is being sought; and
- (2) A copy of the Affidavit which I swore on 21-03-2016 and which I intend to file before the Application is made, verifying the facts that I am relying on.

Yours faithfully
