Dear Mr. Burke

**Re: RETRACTION OF PUBLICATIONS CONTAINING DEFAMATORY  
STATEMENTS REGARDING HON. NICOLETTE HENRY.**

The matter at caption refers. I write you this letter on behalf of my client, Dr. Hon. Nicolette Henry MP and Minister of Education of the Cooperative Republic of Guyana.

I am instructed by my client that you published on your Facebook page on 7<sup>th</sup> March, 2019 that, "THE MINISTRY OF EDUCATION OF THE REPUBLIC OF GUYANA ROLLED OUT ROBOTICS WITH A WHITE MAN AS INSTRUCTOR". This statement is grossly inaccurate and mischievous.

I am further instructed, that on 9<sup>th</sup> March, 2019 you published again on your Facebook page and emailed my client a lengthy missive which is an unjustifiable and malicious attack on my client's reputation with the heading 'NICOLETTE HENRY HAS FAILED GUYANA WITH HER INCOMPETENCE AS MINISTER OF EDUCATION'. In the said article you erroneously stated that the Ministry of Education has ignored STEM Guyana's request to participate in the Ministry of Education's roll out of its Robotics component for implementation in schools countrywide. Please note, that I am in possession of emails between my client and Ms. Karen Abrams, founder STEM Guyana, which clearly show that you are misinformed and misguided. The said emails can be made available to you once requested.
